take your square footage (length x width):	_____	÷	162	for 2" deep
	_____	÷	108	for 3" deep
	_____	÷	81	for 4" deep

One yard will cover an 8'X10' area 4" deep
 A cubic yard is 3' by 3' by 3' (some people find it helpful to picture the size of a washing machine)
